February 1–2, 2027

About the Conference :

GIMCA – 2027: The conference aims to bring together eminent academicians, researchers, industry leaders, policymakers, and students from India and abroad to discuss contemporary issues, share knowledge, and foster collaborations. It focuses on how innovation and technology can drive sustainable and inclusive development while promoting ethical governance and value-based leadership. By integrating perspectives the conference encourages interdisciplinary dialogue, research collaboration, and policy discussions to address global challenges and build a balanced, equitable, and sustainable future for all. The Gyanmanjari International Conference provides a multi-disciplinary platform for academicians, researchers, industry professionals to exchange ideas and best practices.

About Gyanmanjari Innovative University:

Gyanmanjari University, guided by its motto I grant you divine vision, is committed to providing transformative education that integrates knowledge with values. The University aims to nurture globally competent professionals who can turn challenges into opportunities through innovation and ethics. With diverse programs and modern infrastructure, it promotes holistic growth, critical thinking, and social responsibility. Its mission emphasises academic excellence and advanced research across disciplines—Engineering, Science, Humanities, Commerce, Management, Healthcare, and more—preparing students to become skilled, ethical, and responsible citizens dedicated to creating a sustainable and progressive global society.

About Bhavnagar City :

Bhavnagar, founded in 1723 by Maharaja Bhavsinhji Gohil, is a historic and vibrant city in the Saurashtra region of Gujarat. Serving as the administrative headquarters of Bhavnagar district, it lies about 190 km from Gandhinagar on the eastern Saurashtra coast. Known for its maritime trade heritage, it is located near Alang, the world's largest ship-breaking yard. The city has a strong industrial base in salt processing, textiles, and jewellery, alongside a rich cultural and educational tradition. With a semi-arid climate and efficient transport connectivity, Bhavnagar blends history, commerce, and modern urban development seamlessly.
