Date: 29 NOV 2025

GMIU Intellectual Property Rights (IPR) Cell

Preamble:

IPR Cell is one of the most dynamic cells of GMIU and has been conducting various FDP and student programs. The objective of this cell is to make GMIU family students and faculty aware about IPR and to hasten innovation at GMIU and catalyze the move from Research to Revenue.

Functions of GMIU IPR Cell:

1. Conduct awareness seminars/workshops and training programs on "Patents and IPR" for faculty and students.
2. Provide technical assistance to faculty or students to carry out "Patent Search".
3. Provide techno-legal assistance to draft patents and file them.
4. Provide assistance for "Technology Transfer" to those with patents willing to commercialize.
5. Establish liaison with state and central patent assistance cells for services at minimal charges.
6. Establish liaison with Government and private Venture capital organizations for patent commercialization.
7. Liaison with Universities offering "Continuous Education Program (CEP)" for stakeholders.
8. Liaison with WIPO, IPO and other Patent Offices for awareness on key changes.
9. The term of office of the members of IPR Cell shall be for a period of three years.

Services offered by GMIU IPR:

1. Patent Awareness
2. Patent Search
3. Patent Drafting
4. Patent Filing
5. Technology Transfer

Stakeholders of GMIU IPR Cell:

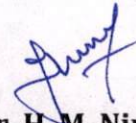

1. Faculty and students of GMIU

Likely Benefits of IPR Cell:

1. Fosters innovation across technology sectors.
2. Provides recognition in national and international research platforms.
3. Supports revenue generation for inventor, institute, and university.
4. Reduces the gap between "Industry & Academia".
5. Supports growth in the "Knowledge Based Economy".
