## Guideline for Implementation of MOOCs

**Gyanmanjari**  
Innovative University

## Implementation of MOOCs for Undergraduate Engineering (UG) Programs w.e.f. A.Y. 2023-24

- 1) SWAYAM-NPTEL MOOCs will be offered against the regular courses under Major/Minor/Multidisciplinary categories in the 5th, 6th, and 7th semesters.
- 2) In the 5th semester, the MOOCs will be offered (optional) against Major/Minor/Multidisciplinary courses of the regular curriculum. Students who clear MOOC(s) during the 1st to 4th semester (i.e. before the commencement of the 5th semester) will be given exemption from the corresponding regular Major/Minor/ Multidisciplinary courses of the 5th semester. Students who are not taking/not completing MOOCs will have to study regular Major/Minor/ Multidisciplinary courses offered in the 5th semester.
- 3) In the 6th semester, the MOOCs will be offered (optional) against the Major/Minor/ Multidisciplinary courses of the regular curriculum. Students who clear MOOC(s) during the 1st to 5th semester (i.e. before the commencement of the 6th semester) will be given exemption from the corresponding regular Major/Minor/ Multidisciplinary courses of the 6th semester. Students who are not taking/not completing MOOCs will have to study regular Major/Minor/ Multidisciplinary courses offered in the 6th semester.
- 4) In the 7th semester, the MOOCs will be offered (optional) against the Major/Minor/ Multidisciplinary courses of the regular curriculum. Students who clear MOOC(s) during the 1st to 6th semester (i.e. before the commencement of the 7th semester) will be given exemption from the corresponding regular Major/Minor/ Multidisciplinary courses of the 7th semester. Students who are not taking/not completing MOOCs will have to study regular Major/Minor/ Multidisciplinary courses offered in the 6th semester.

## Implementation of MOOCs for Post-Graduate (PG) Programs w.e.f. A.Y. 2023-24

- 1) SWAYAM-NPTEL MOOCs will be offered against the regular courses under Major/Minor/ Multidisciplinary in the 3rd semester.
- 2) In the 3rd semester, the MOOCs will be offered (optional) against the Major/Minor/ Multidisciplinary course of the regular curriculum. Students who clear MOOC during the 1st to 2nd semester (i.e. before the commencement of the 3rd semester) will be given exemption from the corresponding regular Major/Minor/ Multidisciplinary course of the 3rd semester. Students who are not taking/not completing MOOC will have to study regular Major/Minor/ Multidisciplinary courses offered in the 3rd semester.

## Guidelines for Board of Study to Identify Courses and Credits:

BOS is required to suggest appropriate MOOCs from the list of SWAYAM-NPTEL, published during each semester, against each Major/Minor/ Multidisciplinary Courses offered by the University during semesters as mentioned in the guidelines. BOS will be required to submit the list of MOOCs against each Major/Minor/ Multidisciplinary at the beginning of every semester as soon as the list is published by SWAYAM-NPTEL. MOOC will be considered as one of the Minor/ Multidisciplinary subjects.
