## **INFORMATION**

It has been 20 years since the beginning of the Vibrant Gujarat Summit. In these two decades, this initiative has been a trailblazer and trendsetter. It showed that thinking big is the first step of making a big impact. It showed how a State of India could institutionalize a way to connect Indian and international investors with the aspirations of our youth. It also set a national benchmark which many States successfully emulated, thus strengthening the Indian economy. As always, Vibrant Gujarat Summit continues to achieve new heights with the vision of a prosperous Gujarat for a self-reliant India.

**Vibrant Gujarat Global Summit**, conceptualised in 2003 under the visionary leadership of Shri Narendra Modi, Hon'ble Prime Minister of India (the then Hon'ble Chief Minister of Gujarat), has today evolved as one of the most reputed global forums for business networking, knowledge sharing and strategic partnerships for inclusive growth and sustainable development. This “**Tenth Edition**” of Vibrant Gujarat will celebrate “**20 Years of Vibrant Gujarat as the Summit of Success**”.

## **PURPOSE OF VISIT**

### ❖ **Industrial visits are important for the following reasons:**

1. To gain a practical knowledge of the actual working of the organization.
2. To get the practical knowledge of the project development process.
3. To adopt criteria about the management.
4. To study co-ordination between different departments.
5. How to control various circumstances.

In order to achieve the above-mentioned objectives, we had organized an industrial visit at Vibrant Gujarat, Gandhinagar for 2nd Sem. Degree Computer Genius Students.

## Significance of the Industrial Tour

The basic objective of having industrial tour is for studying various aspects related with different industrial units.

The different techniques and methods being used in industries are studied in order to gain wide outlook concerning industrial activities for that purpose.

On 12<sup>th</sup> Jan, 2024 at 11:00 A.M. we reached at Vibrant Gujarat (Gandhinagar).

Our faculty members lead us. All the students of Computer branch were in discipline. It was a huge building with tight security. The director of Vibrant Gujarat gave the permission to visit the exhibition. The visit is divided into two parts.

They have also discussed about the various other activities of Vibrant Gujarat like Satellite Communication, Remote Sensing Applications, Global Navigation Satellite System and Land Survey, Disaster Management, Software Development etc. They also encourage our students to be a part of their Education, Research and Training activity.

### Personal Experience of Students
