The Industrial visit organized for BBA - 3

The Industrial visit at : Sarvottam Dairy

No. of students Present: 15

On 30/08/2024, Gyanmanjari group of management studies visited Sarvottam Dairy, Sihor to gain practical insights into industrial operations. The visit began with a presentation on the company's history, mission, and key technologies. Students were then guided through the manufacturing plant, observing state-of-the-art production processes and innovative practices. Key observations included [specific technologies or processes], which highlighted the application of theoretical knowledge in a real-world setting. The Q&A session provided valuable industry insights, fostering a deeper understanding of career opportunities. Overall, the visit significantly enhanced students' learning experience by bridging the gap between academic concepts and industry practices.
