Visit Date: 07/10/2024

No. of Student	10
Department	Electrical Engineering
Semester	Diploma 3 rd , 5 th and Degree 3 rd
Faculty Co-Ordinator	Prof. Dhanush Khasiya

Industry Profile:

The Science City in Bhavnagar provides an interactive and educational experience. It houses various science exhibits, a planetarium, and live demonstrations that focus on physics, chemistry, biology, and space exploration.

Objective of Visit

The primary objectives of the industrial visit were:

1. Hands-on science models allowing visitors to explore fundamental scientific principles.
2. A captivating show about the solar system and universe.
3. Engaging 3D scientific documentaries that stimulate interest in science.
4. Live demonstrations showing interesting experiments in physics and chemistry.

About Visit

On 07th October, 2024, the students of Gyanmanjari Innovative University, from Diploma 3rd Semester, Diploma 5th Semester, and Degree 3rd Semester, had the opportunity to visit the Science City, Bhavnagar. To explore the educational exhibits and scientific displays aimed at promoting science and technology among the public.

The visit was informative and engaging, making science accessible and interesting for students and the general public alike. Science City offers a well-rounded educational experience. The interactive displays engage visitors in understanding complex scientific ideas in a simple, engaging way. The planetarium and 3D theatre further enhance learning through immersive experiences. Students and children, in particular, benefit from the hands-on demonstrations and explanations.
