

Gyanmanjari Institute of Diploma Engineering Bhavnagar

Report on

Western Railway Workshop Visit

Date: 20/06/2025

Time: 09:30 AM

Venue : Western Railway Workshop
Bhavnagar Para, Bhavnagar.

No. of Student	42
Department	Diploma Electrical, EC, IT
Semester	1
Faculty Co-Ordinator	Prof. Jaydipsinh Parmar, Prof. Nikita Parmar, Prof. Mahmad Rahish B. Kazi

Objective of Talk

The main objective of an industrial visit is to bridge the gap between theoretical learning and practical application. It provides students with exposure to real working environments and helps them gain insight into the internal operations of companies and industries.

1. **Real-World Exposure:** To give students a firsthand experience of how industries operate in real time.
 2. **Application of Knowledge:** To help students understand the practical implementation of theoretical concepts learned in the classroom.
 3. **Interaction with Professionals:** To facilitate direct interaction with industry professionals and understand their roles, responsibilities, and experiences.
 4. **Awareness of Industry Practices:** To make students familiar with industrial practices, technologies, workflows, and quality standards.
 5. **Career Orientation:** To inspire students by showing them various career opportunities and paths in the industry.
 6. **Skill Development:** To improve students' observational, analytical, and communication skills.
 7. **Innovation and Ideas:** To stimulate innovation and creativity by observing industrial problem-solving and process optimization.
