Industrial Visit – G. P. Manglani Foods Pvt. Ltd.

Date: 10/07-26

Venue: Parle-G Auditorium

No. of Student	64
Department	Computer Application
Semester	BCA 1st
Faculty Co-Ordinator	Prof. Suhani Parekh Prof. Monish Trivedi

Introduction

The Training & Placement Cell (TPC), Department of Computer Applications, organized an industrial visit to **G. P. Manglani Foods, Bhavnagar** on **10 July 2026** for the students of **BCA Semester – 1 (PLM)**. The objective of this visit was to provide students with practical exposure to industrial operations, production management, quality assurance processes, and workplace discipline while bridging the gap between classroom learning and real-world industry practices.

Objectives of the Industrial Visit

- To provide students with first-hand exposure to industrial working environments.
- To understand the complete manufacturing and packaging process of food products.

- To observe quality control and food safety standards followed by the industry.
- To familiarize students with industrial automation and production workflows.
- To enhance students' understanding of teamwork, discipline, and professional ethics.

To encourage students to relate management and technology concepts with real-life industrial practices.

Visit Overview

The students reached **G. P. Manglani Foods, Bhavnagar**, where they were warmly welcomed by the company representatives. An introductory session was conducted to brief students about the company's history, product range, organizational structure, production capacity, and market presence.

Students were then guided through different sections of the manufacturing unit, where they observed the entire production cycle, including:

- Raw material procurement and storage
- Production and processing methods
- Hygiene and food safety practices
- Quality inspection procedures
- Packaging and labeling process
- Warehouse and dispatch operations

The company representatives explained the importance of maintaining product quality, following safety regulations, and implementing efficient production management techniques.

Role of Faculty Coordinators

The industrial visit was successfully coordinated under the guidance of:

- **Prof. Suhani Parekh**
- **Prof. Monish Trivedi**

The faculty members ensured smooth planning, student coordination, discipline, safety, and active participation throughout the visit. They also encouraged students to interact with industry professionals and gain maximum practical knowledge from the experience.

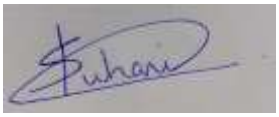

Student Feedback

Students found the industrial visit highly informative and engaging. They appreciated the opportunity to witness real-time industrial operations and understand how theoretical concepts are applied in practical scenarios. The interaction with industry professionals enhanced their awareness of career opportunities and workplace expectations.

Conclusion

The industrial visit to **G. P. Manglani Foods, Bhavnagar**, organized by the **Training & Placement Cell (TPC), Department of Computer Applications**, proved to be a valuable learning experience for the **BCA Semester – 1 (PLM)** students. The visit successfully fulfilled its objective of exposing students to industrial practices, production management, and professional work culture. Such industry interactions play a significant role in developing students' practical knowledge, confidence, and career readiness.
