PARENT-TEACHER MEETING

The Department of Electrical Engineering had organized the parent- teacher meeting for diploma engineering students. It was organized on October 14, 2023 (Saturday). This meeting proved to be very helpful to parents as well as students along with the professors to interact with the parents thereby keep the track record of the students. The students are guided according to their daily study patterns which brings about a positive change in their thinking and practical behavior regarding education and specializing their technical skills. Also, the regular attendance of the students is verified and the awareness regarding the same is brought to consideration to the respective parent. Discussion regarding the upcoming Mid semester examination is done by the department. Under the guidance of Head of department Prof. Niti Gupta ma'am, students gained much knowledge and were inspired.
