Alumni Interaction Program

Date: 21/08/2025
Time: 12:00 to 1:30 pm
Venue : FF-29

No. of Student	19
Department	Electrical and EC Engineering
Discipline	Degree and Diploma
Semester	All
Faculty Co-Ordinator	Prof. Jaydipsinh Parmar Prof. Pankaj Chaudhary

Introduction

The Department of Electrical and Electronics Engineering organized an Alumni Interaction Program for Degree and Diploma students of 1st, 3rd, and 5th semesters. The session aimed to provide students with real-life industry exposure through the experiences of a successful alumnus.

Objective

- To bridge the gap between academic learning and industry practices.
- To motivate students by showcasing the career journey of alumni.
- To share valuable insights on professional growth and workplace culture.

About Activities:

The session was graced by Mr. Abhay Shukla, an alumnus of our institute, currently working with Hitachi Company.

- He shared his work experience, explaining the challenges and opportunities in the industry.
- He highlighted the importance of technical knowledge, communication skills, and continuous learning.
- Along with professional insights, he recalled his college memories, inspiring students to enjoy their academic journey while preparing for their future careers.

Outcomes

- Students gained practical knowledge about the functioning of a reputed company like Hitachi.
- The interaction motivated students to set clear career goals and work consistently towards them.
- It strengthened the bond between alumni and the institution, encouraging students to maintain lifelong connections.

Conclusion

The Alumni Interaction with **Mr. Abhay Shukla** proved to be an enriching and motivational experience for the students. His professional journey and fond college memories inspired the students to dream big, work hard, and remain connected with the institution.
