Earn While Learn

Date: 09/10/2025

Time: 12:15 PM to 1:15 PM

Venue : FF-13

No. of Student	17
Department	Electrical Engineering
Discipline	Diploma
Semester	3 rd & 5 th
Faculty Co-Ordinator	Prof. Hemangi Joshi Prof. Janhvi Mistry Prof. Sahil Pinjani

Introduction

The “Earn While Learn” activity was organized by the Department of Electrical and Electronics & Communication Engineering for Diploma and Degree students of Semester 3 and 5. The program aimed to motivate students to utilize their technical skills productively while pursuing their studies and to introduce various earning opportunities through freelancing and industrial projects.

Objective

- To create awareness about part-time technical earning opportunities.
- To develop professional, entrepreneurial, and self-learning skills among students.
- To provide guidance on balancing academics with practical work experience.
- To encourage financial independence through skill-based activities.

About the Activity

The session was taken by Prof. Hemangi Joshi and Prof. Janhvi Mistry, who shared insights on how students can leverage their technical knowledge in real-world applications and freelancing platforms.

Students were guided about:

- Online freelancing (Fiverr, Upwork, Freelancer)
- Earning through technical project assistance
- Internship and industrial training-based work opportunities
- Startup and innovation-based income generation

Both professors provided practical examples of engineering students successfully working on industrial and freelance projects while studying, emphasizing the importance of time management, professionalism, and skill certification.

Outcomes

- Students learned about multiple platforms and methods for earning during their studies.
- Improved understanding of freelancing, project bidding, and online portfolio creation.
- Encouraged innovative and entrepreneurial thinking among students.
- Strengthened student readiness for internships and future employment.

Conclusion

The “Earn While Learn” activity, conducted by Prof. Hemangi Joshi and Prof. Janhvi Mistry, proved to be a valuable and motivating session for Diploma and Degree students. It enhanced their awareness of practical earning avenues through their technical knowledge, promoting self-reliance and professional development alongside academic growth.
