Report on Report on

Internship / Industrial Training

Date: 25/07/2025

Time: 10:00 To 05:00 PM

Venue : Solar Power, Trick robotics
Jk Electrical, etc..Bhavnagar

No. of Student	35
Department	Electrical Engineering
Discipline	Diploma/ Degree
Semester	3 rd & 5 th
Faculty Co-Ordinator	Prof. Jaydipsinh Parmar

Introduction

As a part of the curriculum and practical skill enhancement program, Diploma and Degree students of Sem 3 and Sem 5 undertook **two weeks of Internship / Industrial Training** during the month of July at various industries and organizations. The training aimed to expose students to real-world industrial environments and operational systems related to Electrical and Electronics Engineering.

Objectives

- To develop practical understanding of electrical wiring systems.
- To promote safety awareness and standard maintenance practices.
- To bridge the gap between theoretical learning and industrial applications.

About the Activity

- To provide practical exposure to industrial processes and systems.
- To bridge the gap between theoretical knowledge and field applications.
- To enhance students' understanding of maintenance, installation, and industrial safety practices.
- To develop professionalism, teamwork, and communication skills.

Outcomes

- Students developed practical and technical competence.
- Improved understanding of real-time industrial systems and safety standards.
- Strengthened employability and professional readiness.
- Enhanced confidence through hands-on learning experiences.

Conclusion

The **two-week Internship and Industrial Training** proved highly beneficial for the students of Sem 3 and 5. It enriched their practical knowledge, connected academic learning with industry practices, and motivated them towards innovation and technical excellence.
