Match	Match-1 lion's vs Avenger Match-2 Micro-II Vs B.sc-II Semi-final Lion's vs B.sc-II Final 8- Leveling Vs Lion's
Winner	8 -leveling
Department	Science

Objective:

organizing the Box Cricket Tournament on our campus is to promote teamwork, sportsmanship, and a healthy competitive spirit among students. This event aims to provide a fun and engaging platform where participants can showcase their cricketing skills, relieve academic stress, and build stronger bonds with their peers. Through this tournament, we also seek to encourage physical activity and create a sense of community by involving students, faculty, and staff in a lively and spirited atmosphere. Overall, the initiative is designed to enhance campus life and foster a culture of collaboration and enthusiasm through sports.

About Activity:

- A Box Cricket Tournament organized for students on campus.
- Played in a smaller, enclosed area with modified rules to suit limited space.
- Teams will consist of a fixed number of players (e.g., 6–8 per team).
- Matches will follow a knockout or league format, depending on the number of teams.
- Shorter match durations to ensure maximum participation and excitement.
- Umpires and scorers will be appointed to ensure fair play and smooth conduct.
- Safety gear and basic cricket equipment will be provided.
- Trophies and certificates will be awarded to winners, runners-up, and outstanding players.
- The event encourages fitness, teamwork, and stress relief in a fun, energetic environment.
- Open to all departments to increase interaction and campus-wide participation.
- A fun-filled sporting event designed to bring together students from different departments.
- Aims to develop leadership, strategic thinking, and team coordination.
- The tournament will be conducted over multiple days to accommodate all matches and teams.
- Matches will follow simplified Box Cricket rules for quick play and entertainment.
