A - Gyanmanjari which has made a name for itself in the field of education for 15 years, today the government has given permission to build its own private university in which students do not have to go outside to get good education. Students will be taught 100% syllabus by expert faculty in accompanying classrooms. So that it will be very useful to the student in the future in the upcoming competitive exam. Also, for each course Industries Liaison student will be sent to the company for training and research base project work in a well-known company like Nirma, Madhu Silica.

Q. What is Gyanmanjari's unique vision?

A- Gyanmanjari's vision is that the students of Bhavnagar can get good quality education in Bhavnagar itself. Students do not have to leave their home and hometown to study abroad. The cost of eating and living abroad increases a lot and the students have health problems. That's why the parents are also worried. Therefore, for the students of Bhavnagar to study in Bhavnagar, the environment in good colleges is the same as the environment in Gyanmanjari University. College infrastructure, faculty, placements are all in Bhavnagar. Also, in master studies field explore and internship, lecture discussion and case study, research-based project as well as experience learning, simulation exercise and international exploration have been created. For that, a modern building was built in the college. Also, professors from outside were appointed in Gyanmanjari so that the students can stay and study in Bhavnagar. This is because of the team of good professors, our results and placements are very high.
